my lovely and perfect friends

Once upon a time, in the english-speaking world at least, there were only a few options for BL media. You read Junjou Romantica, and you played Enzai, even if you didn't really like them. Because those were the options available.

But now that we aren't scavenging in the metaphorical dumpsters for yaoi scraps, we actually have options?? Wild. And also a little overwhelming.

Hello gays and non-gays, thank you for your interest in Yaoi Bookclub!
In short, I asked a bunch of people I know to fill out forms with reviews of a BL manga, game, novel, whatever.

It's not quite as memorable as passing one battered issue of Junjou Romantica around your highschool friend group, but I thought it would be nice if we could all read reviews and recommendations for BL media other people enjoy, and maybe find something new :)

(yes I know this isn't how book clubs work)

The first part of this story is *King's Maker*, and only PG. *King's Maker: Triple Crown* is the second part of the story, and has the smut in this part. It's also completed, and overall a very lovely & engaging story!

As a person, I will never emotionally recover from opening this and seeing him trying to exorcise some tentacle monster.

G PG13 R18

Notes: Okay but LISTEN! If you have good taste (love the fucked up manipulative obsessive Cloud/Sephiroth or Hannigram energy of middle aged men yaoi, please give this a chance. The main character has Vash the Stampede sweet baby girl energy and I'd fight any demon for him any day.

It's about hot shinigami detectives investigating living people murders. What's not to love?

Art LITERALLY IMMACULATE

Plot

If you love Agatha Christie or locked room mystery & queerbit, GODCHILD is for you

Characters

Overall

#gore, abuse, trafficking, violence

G PG13 R18

Notes: This one is for all the freaks who love a traumatized malnourished Victorian man. I loved the twists and turns of the mystery, even if Victorian slasher horror can be a bit predictable, and the twists were Crazy! Sure the characters are a bit weak, but the rest of the story is so amazing and I loved it so much. This is 100% BLBAITING, so if you wanna see

CENSOR this isn't the one. But he does have a MAN servant.

Plot It just makes you feel young & in love!

Characters

They're so fresh & real & its a "closeted gay men" story that doesn't make you eye-roll! You'll LOVE IT!

Overall

G PG13 R18

Notes: If you know me you'll know how sick to death I am of BL where the bottom is struggling w his identity, but Sajoju manages to not be whiny. His internal turmoil doesn't feel contrived or hollow, and it makes his relationship with Kusabe so much more satisfying. Everyone's heard the "Materu was, anata-!" TikTok sound but so few ppl have read or watched it and it's a crime. It's such a beautiful young love story please just give it a chance.
